

Experience a local community still living the old lifestyle of Filipinos yesterday, TODAY!

Remember the good old days when life in the Philippines was so simple, no distractions yet from modern-day technologies, and yet full of fun?

Remember the times when you still play childhood games and simple toys like "siyato", "piko", and "tumbang preso"? How about "habulan" "tagu-tagan", "unguy-unguyan", and bahay-bahayan"? And "sungka" and "sipa"?

Remember when you can experience the old days but better ways of celebrating fiesta?

"Litson", "Palo Sebo", Tinikling" and other uniquely Filipino customs and traditions?

How about living in a bamboo hut or "bahay-kubo" built thru "bayanihan" spirit?

Remember when Filipino men were still wearing "salakot" with "itak" around their waste and Filipina women wash clothes along the river or lake shore and taking a bath within the same place afterwards?

It's so nice to remember and reminisce about the good old Filipino lifestyle in the barrios...

The good thing, you've got the rare opportunity to experience it again here and around the BLOC Camp Site!

Once again, the neighborhood or local community around the Lake Resort and Camp Site is still living some of the old lifestyle of Filipinos yesterday. So this is your chance in the present day not only to witness it but also to re-live it!
